Sir/Madam,

**SUB: Academic Partnership for 13th Biennial Conference of International Society for Maxillofacial Rehabilitation(ISMR)**

The ISMR would be conducting its 13th biennial conference along with the Indian Prosthodontic Society between 16th and 19th Sept. 2020 in Pune.

This Conference is slated to be multidisciplinary and promises a galaxy of speakers from across the globe raising the bar of scientific content.

We hope that this conference would enhance interaction between complementing specialities in head and neck oncology, right from resection to reconstruction and rehabilitation.

Focussed discussions on the interplay between surgery, prosthetics, speech & swallowing, nutrition, psychosocial care, physiotherapy and digital technology would give multidisciplinary and holistic care a boost.

As an Allied member of the ISMR, we hereby request the ANZHCS to participate in this academic extravaganza as an academic partner with no financial binding.

Looking forward to an affirmative reply,

Thanking you in anticipation,

Warm Regards,

Srinivasan

Conference Chairman
